

Hello,

My name is Patrick Morse, and I would like to introduce you to the National Wild Turkey Federation's outreach program, Wheelin' Sportsman. Through our events, people with disabilities will be teamed up with able-bodied partners as a way to bring the beauty and excitement of the outdoors to people with disabilities throughout North America.

Whether it is shooting, hunting, fishing or archery, there is no limit to the outdoor opportunities Wheelin' Sportsmen NWTF can bring to people with disabilities eager to get outside and participate in a more active lifestyle. Wheelin' Sportsmen NWTF provides all people with disabilities the opportunity to enjoy the outdoors through local chapter events nationwide, such as hunting, fishing and shooting activities. The program also provides a full-color, quarterly magazine to its members.

In order for our events to succeed, we rely on members of the community to volunteer their time and resources. In addition, we rely on members of the community to spread the word of our events in order to find participants that would enjoy taking advantage of our program. Our events are open to any member of the community with a disability at no charge. If you would like to learn more about hosting an event, or if you have a loved one that may enjoy participating in our events, please do not hesitate to contact me.

Thank you for your time.

Sincerely,

Patrick Morse
